WEAVER BUYS SHAWNEE NEWS

As the result of a deal just closed, Otis B. Weaver becomes the principal owner of the Shawnee Daily News, and will assume charge in a few days. The News has always been a staunch republican paper, but under its new ownership will become democratic and enters upon an era of its existence that has much promise. Chas. F. Barrett has resigned as managing editor of the Shawnee Herald and accepted a similar position with the News.

Although his duties at Shawnee will require much of Mr. Weaver's time at that place, he has by no means lost his interest in the welfare of Ada, and has just shown his confidence in the future of the place by enlarging his real estate holdings by substantial purchases in Dan Hays and Barringer additions, and he is still a stockholder and officer of the Ada News.

Mr. Weaver has been a citizen of Ada since the infancy of the town. Through thick and thin he has fought for the progress of Ada, proving his faith by establishing a daily paper long before the population and business of the town justified such outlay, because he recognized the great worth of such a publication in its development. There is probably not another town in the state the age of Ada that has a daily paper as old as the News.

THE DAY IN DISTRICT COURT

District court has been grinding all day on the Roff school house suit, which has been stubbornly fought on both sides, but it will probably be concluded this afternoon.

Last evening the court heard the demurrers in the Adams-Barton libel suit, and finally overruled them and will sometime later try the case on its merits.

A FEW OF THE CARNIVAL SHOWS

Last evening the News reporter took in a few of the carnival attractions and found them well worth while. The animal show next to the city hall was first visited, and was undoubtedly the strongest show of the kind ever seen as a part of a street carnival. The acrobats were of a high order, and the rope dancer simply could not be excelled in any show on earth. The five big lions were turned into the steel arena, and were at all times under the perfect control of their fearless trainer, who put them through a number of tricks.

The trained mules in the show next to the postoffice came in for attention, and it was wonderful to see how thoroughly they had been taught to obey every command of their trainer.

The Darktown Swells were great and caused much merriment. The muscums were all worth any one's time to see, the big snake alone being

something a person seldom has the opportunity to see.

The Venetian glass blowers show a marvelous skill in their work, and it is really instructive to see what marvels they can do with the glass.

While these were all the shows the reporter had time to visit, it is a safe guess that all the others were fully as good. There was not a thing at any of these that could offend the most refined lady.

FEDERATION WILL MEET BIENNIALY

Chickasha, Okla., Nov. 9.—Oklahoma Club women voted to hold the state federation session biennially in future. The next convention will be held in Oklahoma City in the year 1913. At the third day of general session here Thursday, several amendments to the state constitution were offered and adopted. The date for calling the state convention was changed from October 15 to November 20. Reports from the new clubs that have been federated during the past year were read, which showed a big increase over last year.

The delegates to the biennial convention of the general federation were elected as follows: Mrs. Harrison Teasdale, Oklahoma City; Mrs. H. E. P. Stanford, Okmulgee. Mrs. S. S. Dumont, Enid; Mrs. J. C. Roberts, Enid; Mrs. E. D. Gotchy, Oklahoma City; Miss Annie Wade O'Neill, Chickasha; Mrs. G. A. Brown, Mangum; Mrs. C. T. Rall, Coalgate; Mrs. M. F. Early, Muskogee, and Mrs. Tom Hope Ada.

Each club district is allowed two delegates. One of the interesting reports of the afternoon session was made by Mrs. John Threadgill, on the educational loan fund.

Mrs. Mary Shelton of Vinita, Okla., won the medal in the art contest on the best landscape painting of Oklahoma. Mrs. Shelton painted a water color scene taking for her subject a scene along the Medicine river in eastern Oklahoma. Mrs. Shelton is a native Cherokee and possesses considerable talent as an artist. The delegates were given a street car ride and a musical program by the members of the federation music club was presented at the Methodist church in the evening.

CAMPAIGN FOR THE SALE OF SEGREGATED LAND

Coalgate, Okla., Nov. 9.—A rally and massmeeting of the segregated land holders of this district will be held in this city, Friday, November 11, to inaugurate a campaign to secure legislation of the next session of congress, for the sale of the surface of the coal lands. Senator Robert L. Owen and Congressman Charles D. Carter have been invited to be present and address the meeting and have accepted the invitation. In the evening the Coalgate Progressive club, will hold a special meeting, at which a number of representatives of commercial organizations of cities and town in the coal belt are expected to be present and participate in the meeting. A large attendance is expected.

New Mexico was generally conceded to the republicans, but the results of the first state election indicate that those people have been voting the republican ticket as a matter of policy, just because they knew it would be difficult for a democratic territory to be admitted to the union. They seem to have taken the first opportunity that presented itself to shake off the rule of the g. o. p.

As we see it the greatest objection to the initiative and referendum is not its use but its abuse. It is very well to place this power in the hands of the people as a club to hold over the heads of the legislators, but no election should be ordered unless at least one-third of the voters petitioned for it. In case a legislature refused to pass some urgently needed measure, or passed something too flagrant to be tolerated the power might be invoked to good advantage, and the people would readily join in the demand for an election. However, under the present provisions of the law a very small per cent may have an election called and the state kept in a turmoil by a few professional agitators. Too many men are ready to affix their signatures to anything shoved under their noses, caring little what the nature of it may be. Yet the names of these careless signers count as much as those of the more thoughtful ones. What Oklahoma needs now is rest from agitation and a chance to develop a few of her unlimited resources.

If Italy expected to find the Tripoli war only a summer picnic, she probably changed her notion about it since the natives woke up. Her plight is even worse than the man who caught a Tartar, for Italy seems to be catching the very devil in that African desert.

Early this morning an engine and several freight cars went into the ditch near Spaulding, making it necessary for the northbound Frisco train to detour from Ada via Shawnee. Details not yet known.

A WARRANTY DEED IS A SNARE: A DELUSION! It often conveys absolutely a bad title. Your lawyer will tell you so. It is not a present help in time of trouble.

RESULT: You go on your vendorto MAKE GOOD his WARRANTY if you can find him.

JUDGMENT: The law will give you only a money judgment. COLLECT IT IF YOU CAN. No lawyer's fees—nothing for entranced value of land—merely what you paid him and interest—about 6 per cent.

You expect full weight when you buy coal, just as you do when you purchase a pound of tea or sugar. Do you always get it? That question is sure to be answered in the affirmative if you get your coal of us.

Remember if you get 1500 lbs. of lump coal and 500 lbs. of slack for a ton you have really only 1500 lbs. of coal as the slack is worthless to you, we would not let you have slack if you wanted it as we need it for our boilers, so be sure and get our prices before you buy.

Still Scrapping in Old Mexico.

San Geronimo, Mex., Nov. 12.—Two hundred and fifty men of the Fifteenth battalion, who went to the aid of the little garrison at Juchitan routed the rebels, believed to be 5,000 strong yesterday in a battle in which the fighting was at times hard to hand.

The relief came opportunely as the garrison was almost reduced to its last round of rations.

The loss to the rebels is estimated at 200 to 400 dead and many more wounded.

The federals lost 40 killed among them General Merodio, chief of the zone.

About half of the rebels were armed with firearms, the others carrying machetes and clubs. The fate of their chief Jose Gomez, is not known. The rebels occupied trenches in the edge of the town and have frequently raided, sacking business houses of Mexicans, but respecting the property of foreigners. The Central hotel owned by a Mexican, was destroyed by dynamite.

The federals charged the trenches raking them with shot from rapid fire guns. After a desperate resistance the enemy took to the hills.

Peace commissioners from the national capital have reached Juchitan.

BARGAIN SHOES or SHOE BARGAINS

Which?

Yes, there is a difference. There are shoes that are made to sell at bargain prices—that are made of paper soles and heels, low prices, smart in design, but will not give satisfaction. This store does not handle such bargain shoes. Ours are shoe bargains, because of their wearing qualities—made by skilled workmen.

Reply to M. Levin.

To the Ada News:

Your issue of Wednesday contained a very spirited, and enthusiastic letter from Miltiades Levin, candidate for member of the Council from the 1st ward, in which he attacks the membership of the present council, not for any great and grievous governmental sin, but forsooth, the council has allowed the water superintendent to collect rent for a water meter, belonging to the City, and of value approximating \$10.00, the rental of 50 cents per month, and adding insult to injury, especially to the members other than Mr. Ellison and Timberlake, who he says can probably figure the rate of interest which a charge of that kind would amount to, thus insinuating that the other members of the council are not able to compute same. I pledge my support here and now to the gentleman, if he will do a little computing for the council, or at least for the one signing his name hereto, and compute for me what the rate of interest is where a dealer in furniture charges the city \$1.00 per day for the use of a table and three chairs, of the approximate

value of \$3.00, the table being second hand, and a cheap one at that. You see Mr. Levin it depends a great deal upon "whose ox is gored" in these matters, and as I remember and as the records of the city clerk will show, Mr. Levin is the furniture man who charged the \$1.00 per day for the furniture mentioned. I am not saying that he charged too much, understand me, but am saying that a man who lives in a glass house ought not to allow rock throwing in his yard. Meter rent more than likely will be reduced to as low a basis as consistent with good business judgment, be-
